

**theCENTRE Student Ministry**  
**COVID 19 Precautions**  
**2020-2021**

- All adult staff will wear masks. Students will be given the option of wearing a mask.
- All students will be required to complete a short health questionnaire each week, as well as having their temperature taken.
- Snack will be provided, however, it will no longer be served buffet-style. A designated staff member will portion out the snack and will be the only person touching food/drinks.
- All common areas will be sanitized before and after each weekly meeting.
- We encourage you as a parent to review adequate hygienic routines with your student before they attend.
- Students need to be showing no sign of respiratory illness or fever to attend. If your student has been exposed to someone with COVID 19, we ask, as a precaution, they do not attend group for 14 days.

We understand that this may not work for everyone. Despite our best efforts, some of you still may not feel comfortable with your student attending, and that's okay. Just know, we have a desire to fellowship together as believers. We believe it is important now, more than ever, that we be growing in our knowledge of Christ. We are doing our best to create a safe and healthy environment for everyone. We're so excited to be back together again soon!
