

Centre Families,

New for 2018 we have laid out a list of rules and guidelines to help the students know what is expected of them moving forward. We will review these with the students but also ask each family to review them and return a signed copy asap. We want to have a fun but safe and productive environment for your students to grow and we're hoping these set guidelines can help us achieve that.

All cell phones and other electronic devices are off and not used during group

We let each other finish, no interruptions

We listen to each other and react with respect, even if we do not agree

In discussions, we don't make it personal, but stay on topic

We bring a bible and other required lesson material each week

What happens in small group stays in small group. We don't talk about it with others

As a leader we don't talk to your parents about what is shared unless we feel you are a threat to yourself or others, or are legally required to report it to others

We do not put our hands on other students. This includes horseplay and boy/girl contact

We come to all youth events dressed in an appropriate way. Girls: skirts and shorts are of appropriate length, clothes are not revealing or skin tight, bra is not exposed. Boys: clothes are not skin tight, pants are worn appropriately and underwear are covered

We clean up after ourselves and treat the space with respect. This includes host homes or vehicles for travel.

We support leaders and your peers with full participation. Looking at who is speaking, asking questions and contributing to discussions.

We remain with the youth group unless you let a leader know that you need to leave the area

Drugs, alcohol, tobacco and weapons are not tolerated or allowed at any youth event

There will be a ZERO tolerance policy for the above rules. If a rule is broken once, you and your parents will be told that you are unable to return until an appropriate maturity level is reached and your ability to follow the rules is obtained
